

#### Consistent, even cooking every time

The 500 SurroundCook® Oven comes with a hot air fan that circulates the air more effectively than a conventional oven, so your food is always evenly cooked without having to turn the tray or dish.

### Product Benefits & Features

#### More even heat throughout the oven with Multilevel Cooking

Multilevel Cooking adds third heating element to enable you to bake evenly on multiple levels. Perfect for creating three trays of cookies or pies at the same time.

#### EXPLORE LED Display with Touch buttons

The EXPLORE display allows you to effortlessly control the settings of your oven to know what's happening with your cooking. With the LED display and 5-touch buttons, you can easily see the time, temperature and progress of your dish.

#### Pyrolytic Cleaning. The self-cleaning function

Using high temperature, the Pyrolytic Cleaning function turns grease and food residue into ash – so you can easily wipe it off with a damp cloth.

#### Quick and effective, Even Cooking

Our Even Cooking system circulates heat throughout the oven, making sure everything is cooked evenly. All without the need to turn your dish. Our technology means your oven heats up faster saving you time and energy.

#### Save time with the Fast Heat Up function

Our Fast Heat Up function makes sure the oven is ready when you are. With a shorter pre-heating time compared to conventional heating, you can turn those spare moments into more memorable meals.

- Multifunctional oven with ring heating element
- Retractable knobs
- 3 pyrolytic cleaning programs
- Cleaning reminder
- Fast oven heat up function
- Electronic temperature regulation
- VarioGuide
- Automatic temperature proposal
- Automatic safety switch off oven function
- Residual heat indication
- Cooling fan
- Child Lock safety function for control panel
- Door lock
- Accessories included: 1 Dripping pan grey enamel, 2 Cake tray grey enamel, 1 Wire shelf chromed
- Catalytic converter

Product Specification

Main colour	Pure black
Cleaning main oven	Pyrolytic
Bottom - Top Oven	Grey Enamel
Volume usable, l Main Oven	72
Energy efficiency class	A++
Dimensions HxWxD in mm	594x594x569
BI dimensions HxWxD in mm	590x560x550
Largest surface area, cm²	1424
Temperature range	30°C - 300°C
Door surface temp. max., K (acc. to EN30 or 60335-1)	30
Nordic_OV_GridRunners	EasyEntry runners
