

**Fresh, long-lasting ingredients. Frost-free freezer**

The 800 No Frost Greenzone+ Fridge Freezer keeps food fresh for longer. A high-performance drawer with automatic humidity control preserves fruit and vegetables. No Frost technology prevents ice build-up so you never need to defrost.

**Product Benefits & Features**
**GreenZone+ helps keep fruits and veggies nutritious**

GreenZone+ keeps fruits and vegetables fresher for longer with an automatic humidity membrane. The high-performance drawer creates an ideal environment to preserve nutrients and flavour while preventing excess moisture and drying out.

**TwinTech® No Frost - food kept hydrated and juicy**

TwinTech® No Frost has an advanced dual cooling system for the fridge and freezer. This technology ensures the freezer stays frost-free and the fridge humidity optimal, preventing the food from drying out.

**Ultimate storage flexibility with MultiSpace**

The MultiSpace fridge is taller than standard designs, giving you more room to store ingredients. Multiple storage solutions allow you to customise the space to suit your needs for improved flexibility and organisation designed around you.

**AI CoolAssist® – smart cooling that adapts to your routine**

AI CoolAssist® intuitively adapts fridge settings to your daily routine - whether adding groceries or leaving for vacation. AI CoolAssist® learns your habits to optimise cooling temperature, functions and saves up to 10% energy consumption\*

\*Tested on 1780 CB Multichill and 1780 CB Twintech Nofrost, comparing energy consumption at 25°C with AI CoolAssist® enabled Auto Vacation Mode versus factory default settings with AI CoolAssist® off. Actual energy saving may vary, depending on environmental temperatures and usage patterns.

**Cooling every corner. Full flavour in every bite**

All-around air circulation flows cold air in every corner, through efficient air vents. Available in metal, glass, or plastic, Cooling 360° protects ingredients from freezing against the back wall, keeping your food fresh.\*

The Cooling 360° design and materials may vary by market and could include metal, glass, or plastic. Product specifications and materials may vary by region. Please check with your local retailer for more details.

- Automatic defrosting of the freezer compartment
- Automatic defrosting of the cooling compartment
- CustomFlex®
- Audible and visible warning signal for open door
- Audible and visual warning signal for open door and high temperature
- Fast freeze function with automatic return to normal
- Freezer drawers: 3 Full Width, Frosted Plastic
- Glass shelves in the freezer
- Refrigerator lighting: Luna – 1 Top And 2 Sides
