

Advanced sensors for perfectly fresh kitchen air

The 900 AutoSense Hood senses steam, grease and odours in your kitchen, intuitively adjusting the fan power to quickly clean the air. Cook for family and friends in a fresh kitchen environment without noise disturbance.

Product Benefits & Features

AutoSense. Smart sensors for clean kitchen air

AutoSense technology intuitively senses odours, grease and steam, automatically adjusting the fan speed for optimal air quality. Experience a kitchen that is fresh and clean, as the hood adapts seamlessly to your cooking needs.

Silently refresh the air with Breeze

Touch the breeze button as soon as you've finished cooking and the extraction level is cut to a whisper-quiet minimum and works for 60 minutes. Meaning you can enjoy your meal in peace while the air in your kitchen gets quietly refreshed.

Light up your cooking with Pure Illumination

Our Pure Illumination provides intense and durable lighting for full visibility while cooking. The energy-efficient LED lights illuminate your entire cooking surface, making it easy to see every detail of your meal preparation.

ExtractionTech Pro. Ultimate extraction power

Experience superior kitchen ventilation with the ExtractionTech Pro cooker hood. Equipped with our most powerful motor and intensive speed option, it efficiently extracts cooking vapours ensuring an exceptionally fresh cooking environment.

- Installation type: Group, width 54 cm
- Air extraction capacity (high/low): 430 / 240 m³/h
- Max. extraction capacity (intensive): 650 m³/h
- Noise min/max/intensive: 44/57/66dB(A)
- Number of speeds: 3+Intensive; Breeze function
- Cooker hood lamps type and number: LED stripe, 1
- Breeze function
- Electronic push buttons control with 3+Intensive; Breeze function speeds
- Return flap
- Indicator for grease filter saturation
- Indicator for carbon filter saturation
- Grease filter type and number: Black Aluminium mesh, 1
- Air extraction or recirculation possible, if charcoal filter (optional accessory) installed.
- LongLife charcoal filter can be bought as accessory
- Recirculation capacity, min/max/intensive: 215/350/395 m³/h
- AutoSense automatically detects and removes odours, grease and steam.

Product Specification

Nordic_Series_and_Themes	900
Main colour	Black
Energy efficiency class Hood	A
Dimensions HxWxD in mm	436x542x300
Nordic_CH_Cap_MinMaxInt_SecGen	240/430/650
Nordic_CH_Noise_MinMaxInt_SecGen	44/57/66
Test_MotorType	Standard
Nordic_CH_BreezeFunction	Yes
Nordic_CH_ControlType	Push buttons
Nordic_CH_Lamps_TyNo	1, LED stripe
Nordic_CH_MinDistanceElectricGas	50/65
Fluid dynamic efficiency class	A
Lighting efficiency class	A
Grease filter efficiency class	B
Air outlet, mm	150
Cord length, m	1.4
Plug Type	Schuko
Product Number Code	942 022 880
Bar code	7333394130910
