\*The declared energy consumption was calculated in a 560 mm deep niche. The appliance is fully functional in a 550 mm niche but the energy consumption will be slightly higher., \*\*Miele offers various refrigeration appliances with different door gap positions. To increase flexibility for future appliance replacements, we recommend a height of the lower furniture front between 696 and 706 mm. The position of the door gap may shift when replacing the appliance.
